Direct telephone inquiries to 1-888-797-7711 (TOLL FREE) or write us at Customer Service, 2910 West Jackson St., Tupelo, MS 38801 as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer on the statement or receipt. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or problem appeared.

- (1) Tell us your name and account number.
- (2) Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe there is an error or why you need more information.
- (3) Tell us the dollar amount of the suspected error.

IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR CREDIT LINE BILL:

If you think your bill is wrong, or if you need more information about a transaction on your bill, write us (on a separate sheet) at Customer Service, 2910 West Jackson St., Tupelo, MS 38801 as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which the error or problem appeared. You can telephone us TOLL FREE at 1-888-797-7711, but doing so will not preserve your rights.

In your letter, give us the following information.

- (1) Your name and account number.
- (2) The dollar amount of the suspected error.
- (3) Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

Explanation of CREDIT LINE'S AVERAGE DAILY BALANCE

We figure the FINANCE CHARGE on your account by applying the periodic rate to the "AVERAGE DAILY BALANCE", including current transactions. To get the "AVERAGE DAILY BALANCE" we take the beginning balance of your account each day and add any new advances and subtract any payments, credits and unpaid finance charges. This gives us the daily balance. Then, we add up all the daily balances of the billing cycle divide the total by the number of days in the billing cycle. This gives us "THE AVERAGE DAILY BALANCE".
